

Request to provide a Cancer Consumer Representative

The Cancer Society of New Zealand (CSNZ) in collaboration with CancerVOICES is contracted by the Ministry of Health to hold a database of New Zealand cancer consumer representatives from which nominations can be made to committees, advisory groups, working parties and focus groups.

If you or your group are interested in appointing a trained/experienced cancer consumer representative please complete the following form

When a request is received information is required to ensure suitable candidates who are available and interested in the role can be recommended to the person or group requiring a Representative.

The processes for the placement of a cancer consumer representative are:

1. A completed form requesting a cancer consumer representative is received.
2. All appropriate cancer consumer representatives are advised of the opportunity.
3. The name and contact details of all cancer consumer representatives who advise their availability are sent to the applicant
4. If possible, once a selection is made, the appointing committee advises the database holders of the appointment

Please send the completed form to:

Jan Pearson

By email: jan.pearson@cancer.org.nz

by post: Cancer Society of New Zealand
P O Box 12700
Wellington 6144

Thank you for your interest in working with a cancer consumer representative.
