

## **Oncology Massage**

The Taranaki Centre offers two (2) free oncology massage sessions to those who are undergoing, or have undergone treatment for cancer in the last two years and are registered with our Centre.

Debbie Taplin, who provides this service, is one of only four fully trained oncology massage therapists in New Zealand.

Debbie offers each individual patient two 50-minute massage sessions. Sessions are available on two Friday mornings each month between the hours of 8.30am and 12.30pm. These first two sessions offered to patients are free and are held at the TSB Cancer Support Centre, 71 Lorna Street, Westtown, New Plymouth.

Following the two free sessions patients are able to arrange private appointments with Debbie at her clinic in Inglewood, at a special discounted rate.

Bookings are essential and can be made by contacting the Cancer Society office on 06 757 3006 between the hours of 9.00am and 3.30pm on weekdays.
